** The board of LIS has approved a motion to freeze the fees in 2017/2018 and therefore the school fees are to remain the same for the next two school years. School fees are paid in ten instalments (see under).*

**Children with siblings already in the school pay the application fee of \$1,080 and they have priority on the registration list. Children without siblings at the school pay the application fee of \$1,080 to go on the registration list on a first-come first-served basis.*

The forward registration list (registration can be done five years in advance) is updated once a year. A reconfirmed email is needed for renewing the forward registration and to remain on the said list each year. Failure to send us the reconfirmation email may result in removal from the list. Any reinstatement would be considered as a fresh application and will position the applicant at the end of the waiting list.

A CCF (Capital Contribution Fund) is the amount of HK\$22,800 (HK\$7600 x 3 month's tuition fee) is refundable in three installments: one third in May, one third in June and one third in July 2017, provided all tuition fees have been settled on time.

Parents whose children will be staying on at school for the next academic year (2017/2018) will have the third installment carried over towards the September 2017 school fees. After you have paid the CCF for 2016/2017, if your child leaves the school before the term starts in September, or anytime before the end of the school year, the CCF will be forfeited.

No refund or deductions will be made for any absence from the school. In particular, no refund or deductions of fees will be made if the school, by order of the Health Department or any government decision, is required to suspend its classes. Notwithstanding such an order to suspend classes, the teachers would always remain available and communication via the Internet would be arranged for as long as the suspension of class is in force.

The monthly school fee must be paid on or before 7th of each month. All parents are required to arrange a Direct Debit Authorisation. A 5% surcharge will be invoiced if any monthly tuition fees are received after 7th of the same month and a 10% penalty will be applied if the fee is outstanding after 16th of the same month. Furthermore, the Supervisor may refuse access to the school to any student whose fees have been outstanding for more than a month. Finally the CCF is forfeited in case of late payments of the fees.
